- Tire Pressure Monitoring System
- SOS Post-Crash Alert System™
- LATCH (Lower Anchors and Tether Anchors for CHildren)
- Perimeter alarm
- SecuriLock® Passive Anti-Theft System

NEW IN 2011

- Voice-activated Navigation System with SIRIUS Travel Link is now standard. It enables customers to access up-to-the-minute information and entertainment content, such as current gas prices from an estimated 120,000 filling stations, traffic information for 78 markets, weather conditions, sports scores and movie listings in the 48 contiguous states and the District of Columbia
- HD Radio technology – included with the voice-activated Navigation System – enables more listening options and digital sound quality with no additional equipment or subscriber cost
- Available headrest-mounted DVD system. With two individual screens and two sets of wireless headphones, the system allows rear seat passengers to enjoy individual audio visual options without disturbing front seat passengers or each other. A standard household-style 110-volt AC outlet also has been added to facilitate connection of video game consoles and other auxiliary gear
