

## A note from PM Magda Madlewska-Wyrwa:

# Generosity, caring very visible at our plant

Hello FRAP Team –

The heart of our Flat Rock Assembly Plant continues to beat, even though we are not back in the plant yet. There is so much good in our team that exists that it shows in any number of events and causes. One of the pillars of Ford+ is “Caring for People.” There is no shortage of that here.

I say that as I prepare for the March of Dimes event that our plant and Local 3000 annually supports. Wherever you are on Friday, please wear **purple** to show your support for the March of Dimes and what it does to help mothers and children. Every day, thousands of babies are born too soon, too small and often very sick.

Our team is taking part virtually in walking in March for Babies on Saturday because we want to do something about this. I know you care, too. That's why I'm asking you to join us. It's easy: just click the join this team button:

<https://www.marchforbabies.org//team/FORDFRAP>

As a matter of fact, FRAP and Local 3000 are Legacy contributors, having a 15-year history with the program. A special thank you to our event co-chairs -- Connie Rossi-Burkey and Jenny Vaughn. Thanks to them and all of us, there will be a lot of good that has come from our efforts and dollars.

Later this month, we'll have another opportunity to show we care – this time for our veterans. Just last week we honored those who died in service of our country. In November, we will honor all who served. So many of our team proudly served our country.

Every year we have a lunch for our veterans and give each a token of our appreciation. The date isn't set yet but later this month we will have a gate collection that will fund the special occasion.

These are just two examples; there are so many more. If we aren't donating time or money, we are donating blood. Our blood drives are very successful, and it is amazing that each pint helps three people. What a great gift that is to give to people who rely on blood or plasma transfusions.

It does make you think of that one phrase we all hear - “For it is in giving that we receive.” Our parents told us that giving is its own reward and they were so very right.

I remain . . .

Honored to serve you,
